

ST45 - BizTex Microporous Boot Cover Type PB[6]

Collection: Biztex™ Micro

Range: BizTex™

Shell Fabric: BizTex Microporous
60g

Product information

Elastic to the top of the cover allows for a safe barrier around the boot. These protective covers are designed for use in all work environments where footwear or floors need protection. This fabric conforms to EN14126-Biological Protection and EN1149-1 Anti-Static Protection.

Standards

EN 1149 -5
EN 13034 Type PB [6]

Biztex™ Micro

Portwest's BizTex Micro fabric is a polypropylene substrate with anti-static properties. The outer layer prevents the passage of liquid molecules inwards yet allows the vapour molecules on the inside to permeate. This technology keeps the wearer fresh and comfortable.

BizTex™

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under CE Directive 89/686/EEC. Portwest has an extensive range of clothing that complies with Category 3 of this directive.

Features

- CE-CAT III
- CE certified
